Globalpundits
Future Ready

CAPABILITY STATEMENT

Engineering Services

Deployable engineering capacity for nuclear, energy, defense & critical-infrastructure programs.

Cleared and clearance-eligible engineers, designers, inspectors and project-controls professionals who embed in owner, prime and M&O teams and contribute from day one.

26 Yrs engineering & technical delivery since 2000

90%+ retention on long-term engineering engagements

Zero OSHA recordables, 2023–2026 YTD · 0.83 EMR

400K+ technical professionals in our sourcing database

COMPANY OVERVIEW

Globalpundits Technology Consultancy, Inc. is a minority-owned small business (NMSDC-certified MBE) headquartered in New Ellenton, South Carolina. We deliver engineering and technical professionals across nuclear, energy, defense, transportation and infrastructure sectors — supporting design, analysis, licensing, QA and program execution where safety culture and regulatory discipline are non-negotiable. Every professional is a Globalpundits W-2 employee — one accountable employer, no subcontracting.

CORE COMPETENCIES

Nuclear & Advanced Reactors

SMR and advanced-reactor programs; nuclear, criticality-safety and radiological engineering; health physics; NQA-1 / 10 CFR 830 compliance; D&D.

Mechanical, Electrical & I&C

Mechanical and NSSS piping, electrical and T&D protection, I&C and control systems, SCADA, fire-protection and process engineering.

Civil, Structural & Infrastructure

Civil/structural and blast-resistant facility design; water/wastewater, transportation and airfield programs; grid and data-center infrastructure.

Design, Drafting & BIM

CAD/BIM designers (AutoCAD, Revit, MicroStation), configuration management, document control, technical writing, GIS and surveying.

Quality, Testing & Inspection

QA/QC (NQA-1, ISO), NDE and welding inspectors (ASME), IV&V, commissioning support, EHS and CSP/CIH safety professionals.

Project Controls & Field Execution

Program/project managers, P6 schedulers, cost estimators, EVMS analysts, construction managers, field engineers, work-control planners.

PAST PERFORMANCE HIGHLIGHTS

DOE Environmental-Management M&O Contractor	Cleared technical, project-controls and IT staff augmentation at a major DOE nuclear site — current, ongoing.
Global Engineering & Federal-Services Prime	Technical staff augmentation under an executed master agreement and task order for nuclear programs — current, ongoing.
Commercial SMR Developer	Mechanical / NSSS piping engineering placements supporting SMR design and deployment — current, ongoing.
NNSA Production-Site Contractor	Weapon-quality (NAP 401.1A) and HRP-eligible engineering and technical staffing support.
Top-Tier Engineering & Construction Firm	Master Staffing Services Agreement for professional and technical placements across multiple sites.

ENGAGEMENT MODELS

Staff augmentation · Embedded / secondment teams · Project-specific technical teams · Surge & bridge staffing · Contract-to-hire · Direct placement

DIFFERENTIATORS

- **Cleared delivery.** DOE Q-level FCL, DoD JCP; Q/L-cleared talent pipelines.
- **Safety-culture native.** Zero OSHA recordables 2023–2026 YTD; 0.83 EMR.
- **Compliance-ready W-2.** DCAA timekeeping, SCA/DBA, E-Verify, DOE flow-downs.
- **Embedded delivery.** Integrates into client teams without disrupting governance.
- **Speed.** Discipline-specialized recruiters; first qualified slate in 1–2 weeks.
- **Small-business & MBE credit** toward FAR 52.219-9 subcontracting goals.

> *Your candidate is a slam dunk — highly motivated and possessing all the skills we need in project management, engineering and energy management.*
> — Program Manager, Major U.S. Insurance Company
