Globalpundits
Future Ready

CAPABILITY STATEMENT

Higher Education

ERP, enterprise systems & IT talent that keep campuses running — from strategy through managed services.

Oracle, Ellucian Banner, Colleague and Workday expertise, delivered with the Globalpundits Enterprise Methodology (GEM) — on time and on budget.

26 Yrs enterprise & ERP services since 2000

400K+ technical professionals in our sourcing database

MBE NMSDC-certified minority business enterprise

End-to-End strategy, implementation & managed services

COMPANY OVERVIEW

Globalpundits Technology Consultancy, Inc. is a minority-owned small business (NMSDC-certified MBE) providing specialized ERP and enterprise-systems consulting to higher-education institutions, including state universities, technical colleges and Ivy League schools. We support implementation, upgrades, optimization and sustainment of student, financial, HR and financial-aid systems, supplying experienced professionals who integrate directly within campus IT and administrative teams to protect operational continuity, data integrity and long-term platform stability.

CORE COMPETENCIES

ERP / SIS Implementation & Upgrades

Ellucian Banner and Colleague, Oracle, Workday and PeopleSoft — core financials, HR/payroll, student and financial-aid modules; upgrades and modernization.

Enterprise Managed Services

Application support, Oracle/Banner database administration, patch management and upgrades, delivered onsite or remotely.

Automated Testing as a Service

Pre-built scripts run with your setup data for upgrades, bundles, patches and regulatory updates (Tax, 1099, Financial Aid); screenshot-level audit evidence.

Campus IT Staff Augmentation

Developers, DBAs, business and systems analysts, project managers, network and cybersecurity professionals embedded within campus IT teams.

Digital Accessibility Compliance

Section 508, WCAG 2.1 AA and ADA Title II (DOJ 2024 rule) expertise: accessibility testers, consultants, accessible UX designers and VPAT/ACR authoring.

Research & Engineering Talent

Engineering and technical professionals experienced in national-laboratory R&D, quality and export-control environments for research programs.

PAST PERFORMANCE & EXPERIENCE

Public Land-Grant Research University	Ellucian Banner ERP upgrade: placed and managed a team of eight technical professionals concurrently for ~9 months, all filled against a common start date.
State Universities & Technical Colleges	ERP and enterprise-systems consulting for implementation, upgrades, optimization and sustainment of Banner, Colleague, Oracle and Workday platforms.
Ivy League Institution	Enterprise-systems professionals integrated within campus IT and administrative teams for core financials, HR and modernization initiatives.
Universities, Colleges & Local Government	Key IT staff-augmentation supplier delivering application, database and project-management talent to public-sector and campus IT organizations.

ENGAGEMENT MODELS

Implementation projects · Upgrades & modernization · Enterprise managed services · Campus IT staff augmentation · Testing as a Service · Onsite & remote support

DIFFERENTIATORS

- **Full life-cycle services** from strategy through managed services.
- **GEM methodology.** Standard tools, methods and processes for consistent execution and quality.
- **Team-scale delivery.** Multi-person project teams mobilized against a common start date.
- **Real functional & technical experts** with years of hands-on higher-ed ERP project success.
- **Embedded delivery.** Professionals integrate directly within campus IT and administrative teams.
- **Supplier-diversity value.** MBE small business supporting campus spend goals.
